IMPORTANT NOTES:

1. In view of the massive outbreak of the COVID-19 pandemic, social distancing norms to be followed and the restriction imposed on movement / gathering of persons at several places in the country and pursuant to General Circulars issued by the Ministry of Corporate Affairs (MCA) vide Circular No. 14/2020 dated April 8, 2020, Circular No.17/2020 dated April 13, 2020 and Circular No. 20/2020 dated May 05, 2020 and in compliance with the provisions of the Act and the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("Listing Regulations"), the 26th Annual General Meeting of the Company is being conducted through Video Conferencing Facility, which does not require physical presence of members at a common venue. The deemed venue for the 26th AGM shall be the registered office of the Company situated at J J Manor, 146, Rukmani Lakshmipathy Road II Floor, Egmore, Chennai - 600 008.
2. Central Depository Services (India) Limited (CDSL) will be providing the facility for voting through remote e-Voting and for participation in the 26th Annual General Meeting through Video Conferencing.
3. Members may join the 26th AGM through VC Facility by following the procedure as mentioned in this notice which shall be kept open for the Members from 10.45 a.m. (i.e. 15 minutes before the scheduled time) to 11.15 a.m. (i.e. 15 minutes after the scheduled time).
4. Members may note that the VC Facility provided by CDSL allows participation of only 1,000 Members on a first-come-first-served basis. The large shareholders (i.e. shareholders holding 2% or more shareholding), promoters, institutional investors, directors, key managerial personnel, the chairpersons of the Audit Committee, Nomination and Remuneration Committee and Stakeholders Relationship Committee, Auditors, etc. can attend the 26th AGM without any restriction of first-come first-served principle.

5. Pursuant to the circulars issued by MCA and SEBI, in view of the prevailing pandemic situation and owing to the difficulties involved in dispatching of physical copies of the Notice of the 26th AGM and the Annual Report for the financial year 2019-20 including therein, inter-alia, the Audited Standalone Financial Statements for the financial year ended 31st March, 2020, are being sent only by email to the Members. Therefore, those Members, whose email address is not registered with the Company or with their respective Depository Participant/s and who wish to receive the Notice of the 26th AGM and the Annual Report for the year 2019-20 and all other communication sent by the Company, from time to time, can get their email address registered by following the steps as given below:-
 - a. For Members holding shares in physical form, please send scan copy of a signed request letter mentioning your folio number, name, complete address, email address to be registered along with scanned self-attested copy of the PAN and any document (such as Driving Licence, Passport, Bank Statement, AADHAR) supporting the registered address of the Member, by email to the Company's email address "cs@osivl.com" and/or to the RTA's email address "support@purvashare.com"
 - b. For the Members holding shares in demat form, please update your email address through your respective Depository Participant/s.
6. Members may also note that in line with the circulars issued by MCA and SEBI, the Notice of the 26th AGM will be available on the website of the Company at "www.osivl.com" and on the website of BSE Limited at "www.bseindia.com" also on the website of CDSL at "www.evotingindia.com"
7. In terms of the circulars issued by MCA since the physical attendance of Members has been dispensed with, there is no requirement of appointment of proxies. Accordingly, the facility of appointment of proxies by Members under Section 105 of the Act will not be available for the 26th AGM. However, in pursuance of Section 112 and Section 113 of the Act, representatives of the Members may be appointed for the purpose of voting through remote e-Voting and for participation in the 26th AGM through VC Facility and e-Voting. The Members intending to authorize their representatives to participate and vote through remote e-Voting and/or at the meeting are requested to send a certified copy of the Board Resolution / Authorization letter to the Company or upload the same on the VC Portal / e-Voting Portal.
8. Since the 26th AGM will be held through VC Facility, the Route Map of the AGM venue, Proxy Form and Attendance Slip is not annexed in this Notice.
9. Attendance of the Members attending the 26th AGM through VC Facility shall be counted for the purpose of reckoning the quorum under Section 103 of the Companies Act, 2013.
10. The Register of Directors and Key Managerial Personnel and their shareholding, maintained under Section 170 of the Act, and the Register of Contracts or Arrangements in which the directors are interested, maintained under Section 189 of the Act, will be available electronically for inspection by the members during the AGM. All documents referred to in the Notice will also be available for electronic inspection without any fee by the members from the date of circulation of this Notice up to the date of AGM. Members seeking to inspect such documents can send an email to cs@osivl.com.
11. The Register of Members and the Share Transfer books of the Company will remain closed from Thursday, 24th September, 2020 to Wednesday, 30th September 2020 (both days inclusive), for the purpose of Annual General Meeting.
12. No dividend has been proposed by the Board of Directors for the year ended 31st March, 2020.

MANAGEMENT DISCUSSION AND ANALYSIS REPORT**1. Global Economic Overview:**

In the world over, Covid-19 is undoubtedly the upper most concern in everyone's mind. This pandemic has delivered a global shock of enormous magnitude; protection measures necessitated by it are severely impacting every kind of economic activity all across the world. While the growth rate of global economy at 2.3% for 2019 itself was the lowest of the decade, the International Monetary Fund (IMF) has predicted that the global economy will contract sharply by 3% in 2020, much worse than in 2008-09 financial crisis. Countries and corporates are being pushed into uncharted territories and challenges, with hardly anyone being able to see a clear picture.

In its Annual Report on the World Economic Situation and Prospects 2020, the UN said growth slid in virtually all the major economies and slowed in all geographical areas except, to some extent, in Africa. Amid rising tariffs and rapid shifts in trade policies, business confidence has deteriorated, dampening investment growth across most regions. In addition, softening demand has also affected global commodity prices, particularly oil and industrial metals. On the positive side however, the Report said, the recent US cuts in the Federal Rate may promote some economic activity. But, the continuing policy uncertainty, weak business confidence and slowing job growth are likely to weigh heavily on demand.

Pursuant to the Covid-19 pandemic, causing widespread global disruption, IMF envisages the global GDP to see a contraction of 4.9% in 2020. In a baseline scenario – which assumes that the pandemic will fade in the second half of 2020 and containment efforts can be gradually unwound – the global economy is expected to bounce back and grow by 5.4% in 2021, as the economic activity normalises, helped along, by vigorous policy initiatives. A sharp economic rebound would begin promptly if pandemic-control measures could be largely lifted in the near term, and fiscal and monetary policy responses succeed in supporting consumer and investor confidence, leading to a prompt normalization of financial conditions and the unleashing of pent-up demand.

2. Indian Economic Overview

It has been quite challenging for the Indian economy, which saw a steep decline in the July-September quarter of 2019, when Gross Domestic Product (GDP) was at its lowest in seven years at 4.5%. Several sectors – chiefly real estate, aviation, automobile and construction – suffered a constant decline in demand. The banking and financial services sector also witnessed a serious crisis due to rising Non-Performing Assets (NPAs), bad loans and squeezing credit limits. The cumulative effect of these adverse developments is seen in the envisaged growth rate of 4.2% for 2019-20, a sharp fall from 6.1% in 2018-19 and this is further accentuated by the Pandemic outbreak in March 2020.

A massive contraction is expected further in the 1st quarter of 2020-21, due to the two-month lockdown, thereby pulling down the full-year growth by 5-7%. The RBI's Monetary Policy Committee has however, refrained from providing any growth projections for the first time in its history, citing the huge uncertainties around the pandemic and its impact on various sectors. India's fiscal deficit for 2019-20 stood at 4.59% of the GDP, against the revised estimate of 3.8%. This puts a limit for the government to offer fiscal relief to companies hit by the pandemic.

3. Industry Structure and Development

Consultancy is a process which involves consultants, whether self-employed or employed, individually or collectively using their knowledge, experience and analytical and/or problem-solving skills to add value to organisations for improvement in their existing operational, financial or marketing efficiency and/or for their expansion plans.

a) Types of Consultancies:

Consultancy industry cover a very broad gamut of services which range from being financial, technical to management consultancy and thus can be categorized on basis of various factors such as services provided, sectors catered to, management approaches etc. Consultancy can be broadly divided into two major categories.

➤ **Management (or Risk) Consultancy:**

Management consultancy includes providing advice and assistance relating to strategy, structure, management and operations of an organisation in pursuit of its long-term purposes and objectives. Such assistance may include the identification of options with recommendations; the provision of an additional resource and/or the implementation of solutions.

Effective management consulting has following roles:

- Responding to a client's request for information
- Providing solutions to specific problems
- Giving an in-depth, accurate diagnosis
- Presenting a program of recommended corrective actions
- Implementing changes; building consensus and commitment
- Facilitating client learning Enhancing organizational effectiveness

➤ **Engineering Consultancy:**

Engineering consultancy majorly involves project related technical assistance to organisations for existing or upcoming projects. These services range from project evaluation and feasibility study, design engineering to project management up to commissioning.

b) Consultants – Scope of work:

Consultancy projects have varied completion periods and can last a few hours, months or even several years depending on the nature of the advice and the demands of the client. They can involve the consultant in just providing advice or they can involve the consultant in completing the implementation.

c) Consultancy – Global Scenario:

The origin of consultancy services may be traced back to mid 18th century, a phase which was marked with unprecedented commercial growth, in countries like America coupled with unprecedented business risk. This had emerged necessity for help from external organizations to improve their performance, primarily through the analysis of existing organizational problems and development of plans for improvement as well as expansion.

As a business service, consulting remains highly cyclical and linked to overall economic conditions. Global management consulting sector has grown quickly, with growth rates of the industry exceeding 20% in the 1980s and 1990s. The consulting industry shrank during the 2001-03 period, but grew steadily until the recent economic downturn in 2009. Since then the market has stabilized. (Source: CARE research)

d) Consultancy – Indian Scenario:

Over the years, as the Indian industry started maturing, the Indian consulting industry also started expanding, not only in terms of size, but also in terms of the service offerings. Over the period, specialist consulting advice was being sought by clients in India and this opened the opportunity for a number of specialist organizations to draw on their specialist knowledge base and resources to meet the demand for specialist consulting services.

With increasing globalization of consulting firms, Indian consultancy sectors need to adopt new organizational design that best suit their contexts and identities. Outsourcing to India acts as a challenge as well as driver: Though outsourcing assists development and globalization, many Indian consulting firms find that it restrains their growth in the outsourced regions.

Major strengths of Indian consultancy organizations include professional competence, low cost structure, diverse capabilities, high adaptability and quick learning capability. Their weaknesses include low quality assurance, little presence overseas and lack of global market intelligence. Capabilities of Indian consultants are strong in several areas which include civil engineering and construction, telecommunication, power, metallurgy, chemical, petrochemicals and IT.

4. Opportunities and Threats Involved in Consultancy Industry

Your Company believes that going forward the demand for specialized services catering towards sectors such as healthcare, education, renewable energy and infrastructure segment will prominently have better prospects. India, being one of the fastest growing country and under-penetrated market, it offers lot of opportunities for the consulting players once the economic cycle revives. CARE Research thus expects the consultancy industry to grow at CAGR of 8-10 % over next 5 years. (Source: CARE Research).

Keeping in mind the differences of the domestic market in India with respect to the Global market, the major challenges Indian Consultants usually face in India, are:

- **Competition and differentiation:** The biggest challenge for the Indian consulting firms is to compete with the global players in the market. There is need for Indian consultancy sectors to define their specializations and differentiate themselves from their competitors.
- **Adoption of New Organizational design:** With increasing globalization of consulting organisations, Indian consultancy sectors need to adopt new organizational design that best suit their contexts and identities.
- **Outsourcing to India acts as a challenge as well as driver:** Though outsourcing assists development and globalization, many Indian consulting organisations find that it restrains their growth in the outsourced regions.
- **Managing the Knowledge Flows:** The organisations have a challenge to leverage the organizational knowledge efficiently so that there would be a proper balance between utilization of existing knowledge and creating new knowledge.

5. Outlook for Major Segments of the Indian Consultancy Industry

Domestic consultancy sector is estimated to have grown in higher single digits over last few years. This growth was mainly driven by engineering consultancy which is comparatively more developed and dominated by domestic players as against management consultancy which is still in its nascent phase. However, in recent years due to rising presence of international consultancy players in India, the domestic players are facing stiff competition on various grounds such as quality, technology, economies of scale, brand value etc. As a result of this, recently the proposal conversion rate (i.e. the actual materialization rate) in the consulting space has fallen steeply from about an average of 50 per cent to 30-35 per cent, on account of slowdown in investments in India and increased competition.

The consulting landscape of India is currently worth around \$12 billion, with around \$1.5 billion of the industry's revenues flowing into the pockets of management consulting firms. However, after recording strong growth for consecutive years, 6% per annum, India's consulting industry now finds itself at the onset of major disruption.

As of now, there are about 6000 consultancy firms in metropolitan cities including Delhi (25.7 percent) followed by, Mumbai (25.5 percent), Chennai (12.1 percent) and Kolkata (9.1 percent). Moreover, service sector contributes more than 50 percent to nation's GDP. Besides, there are around 2000 R&D institutions and laboratories supporting several domestic consultancy organizations directly or indirectly at a reasonable cost.

This fast growth of this sector in India is largely attributable to improved investment activities because of low-cost structure, entry of many big players into the Indian market, relaxation of previous FDI restrictions, and strong capabilities in areas like IT, management, civil engineering, telecommunication, petrochemicals, power and metallurgy. The steady growth will ultimately lead to expected rise in hiring activities.

6. Risks and Concerns

The following section discusses the various aspects of enterprise-wide risk management. Readers are cautioned that the risk related information outlined here is not exhaustive and is for information purpose only.

ONESOURCE believes that risk management and internal control are fundamental to effective corporate governance and the development of a sustainable business. ONESOURCE has a robust process to identify key risks across its operations and prioritize relevant action plans that can mitigate these risks. Key risks that may impact the Company's business include:

a) Impact of Covid-19:

There was a nationwide complete lockdown from 22nd March, 2020 to 20th April, 2020 and thereafter the said nationwide lockdown extended three times cumulatively from 21st April, 2020 to 31st May, 2020 with certain relaxations.

Further the State of Tamil Nadu has extended the said lockdown from 01st June, 2020 with certain relaxation which is also in effect on the date of this intimation. However during the above stated period the State of Tamil Nadu has imposed a complete lockdown in the city of Chennai from 19th June, 2020 to 05th July, 2020.

Seeing the current state of Market, there are huge budgetary cuts by the corporates on all aspects of the company after taking in to account the decline in revenue. Thus the consultancy segment also seems to be in shadow for the current and next fiscal year.

b) Adoption of New Organizational design:

With increasing globalization of consulting firms, Indian consultancy sectors need to adopt new organizational design that best suit their contexts and identities. The slowdown in the Indian economy has led to widespread reduction of business activity generally, which has affected the demand for consultancy services from manufacturing and infrastructure sectors.

c) Government policies and budgetary allocations:

Our business and revenues are dependent on projects awarded by government authorities, including central, state and local authorities and agencies and public sector undertakings (Government-owned companies). We are also dependent on the investment by the private sector in infrastructure and other sectors which are in turn linked to government policies relating to private sector participation and sharing of risks and returns. Any adverse changes in government policies and budgetary allocation could materially and adversely affect our revenues, growth or operations.

d) Competition:

Our business is subject to intense price competition. We compete against various multi-national, national and regional companies. Our competition varies depending on the size, nature and complexity of the assignment and on the geographical region in which the assignment is to be executed. Clients generally award assignments to consultancy companies with experience, technical ability, past performance, reputation for quality, safety record and the size of previous assignments executed. Additionally, while these are important considerations, price is a major factor in sourcing most of the assignments.

e) Ability to attract, recruit and retain skilled personnel

Our results of operations depend largely on our ability to retain the continued service of our skilled personnel who have specific sector knowledge, understand the services we offer and can execute complex assignments. We also need to recruit and train sufficient number of suitably skilled personnel, particularly in view of our continuous efforts to grow our business and maintain client relationships. There is significant competition for management and other skilled personnel in our industry. The loss of any of the members of our senior management or other key personnel or an inability to manage the attrition levels in different employee categories may materially and adversely impact our business and results of operations.

f) Client Relationships

Our results of operations depend largely on the number of our client relationships, our ability to maintain the relationships and grow our share of clients' business by providing consultancy services, innovative business solutions and timely execution. We believe successfully developing new client relationships and maintaining existing client relationships, are critical for growing our business and consequently our results of operations.

7. Risk Management & Internal Control System

The Company has a robust Risk Management framework to identify, evaluate business risks and opportunities. This framework seeks to create transparency, minimize adverse impact on the business objectives and enhance the Company’s competitive advantage. The business risk framework defines the risk management approach across the enterprise at various levels including documentation and reporting. The framework has different risk models which help in identifying risks trend, exposure and potential impact analysis at a Company level as also separately for business segments. The Company has identified various risks and also has mitigation plans for each risk identified. The Risk Management Policy of the Company is available on our website www.osivl.com.

The Board has adopted the policies and procedures for ensuring the orderly and efficient conduct of its business, including adherence to the Company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial disclosures.

8. Discussion on Financial Performance:

During the year under review, the Company had a Net Loss of Rs. 195.97 Lacs as compared to Net Loss of Rs. 2.55/- Lacs in previous year. Your Company is constantly looking for various new avenues in the segment of Consultancy, Advisory and Investing/Trading of Shares and securities.

9. Key Financial Ratios:

INDEPENDENT AUDITOR'S REPORT

To the Members of ONESOURCE IDEAS VENTURE LIMITED

Report on the Audit of the Standalone Financial Statements**Opinion**

We have audited the standalone financial statements of ONESOURCE IDEAS VENTURE LIMITED ("the Company"), which comprise the balance sheet as at 31st March 2020, and the statement of Profit and Loss, (including other comprehensive income) and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2020, and its loss including other comprehensive income and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the *Code of Ethics* issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Corporate Governance and Shareholder's Information, but does not include the Financial Statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Audit of Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the company's financial reporting process.

Auditor's Responsibilities for the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group and its associates and jointly controlled entities to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements.

Materiality is the magnitude of misstatements in the consolidated financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance of the Holding Company and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

- 1 As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the Annexure a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
- 2 As required by Section 143(3) of the Act, we report that:
 - a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b. In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books
 - c. The Balance Sheet, the Statement of Profit and Loss, including other comprehensive income and the Cash Flow Statement dealt with by this Report are in agreement with the books of account.
 - d. In our opinion, the aforesaid standalone financial statements comply with the Accounting Standards specified under Section 133 of the Act.
 - e. On the basis of the written representations received from the directors as on 31st March, 2020 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2020 from being appointed as a director in terms of Section 164(2) of the Act.
 - f. With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A".
 - g. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial position in its financial statements
 - ii. The Company has made provision, as required under the applicable law or accounting standards, for material foreseeable losses.
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.

ANNEXURE "A" TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 1(f) under 'Report on Other Legal and Regulatory Requirements' section of our report to the Members of **Onesource Ideas Venture Limited** of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of ONESOURCE IDEAS VENTURE LIMITED ("the Company") as of March 31,2020 in conjunction with our audit of the financial statements of the Company as of and for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the respective Companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India . These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act,2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Company and its subsidiary company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing, prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting of the Company and its subsidiary company.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the Company and its subsidiary company have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2020, based on the internal control over financial reporting criteria established by the respective companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

NOTES TO THE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED MARCH 31, 2020

Significant Accounting Policies**Corporate Information**

Onesource Ideas Venture Limited ("the company") was incorporated on December 8, 1994 under the Companies Act, 2013 having its registered office at Chennai. The Company as on 24th March, 2020 has sold 100% of its investment held in its Material Subsidiary i.e., Avancera Business Solutions Private Limited. The said disinvestment was undertaken after obtaining requisite approval from the shareholders of the Company.

1. Significant Accounting Policies

This note provides a list of the significant accounting policies adopted in the preparation of the financial statements. These policies have been consistently applied to all the years presented unless otherwise stated.

Basis of Preparation of Financial Statements**(a) Statement of compliance**

The financial statements of the Company have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act and the Companies (Indian Accounting Standards) Rules, 2015. Up to the year ended March 31, 2017, the company prepared its financial statements in accordance with the requirements of Generally Accepted Accounting Principles in India (previous GAAP), which includes Standards notified under the Companies (Accounting Standards) Rules, 2006.

Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use

(b) Basis of Measurement

The financial statements have been prepared on the historical cost basis except for certain financial instruments that are measured at fair values at the end of each reporting period, as explained in the accounting policies below.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would consider those characteristics when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these financial statements is determined on such a basis and measurements that have some similarities to fair value but are not fair value, such as net realizable value in Ind AS 2. In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;

Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and

Level 3 inputs are unobservable inputs for the asset or liability.

(c) Segment Reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker. The Managing Director of the Company has been identified as being the chief operating decision maker. Based on the internal reporting to the Chief operating decision maker, the Company has identified that the Company has only one segment (financial and corporate advisory services) and accordingly there are no other reportable segments.

(d) Operating Cycle

Based on the nature of activities of the Company and the normal time between acquisition of assets and their realisation in cash or cash equivalents, the Company has determined its operating cycle as 12 months for the purpose of classification of its assets and liabilities as current and non-current.

(e) Functional and Presentation currency

The Financial statements are presented in Indian Rupees, which is the functional currency of company and the currency of the primary economic environment in which the company operates.

(f) Revenue Recognition**Revenue from Services**

"Timing of recognition: Revenue from Services is recognised in the accounting period in which the services are rendered. For fixed price contracts, revenue is recognised based on the actual service provided to the end of the reporting period as a proportion of the total services to be provided (percentage of completion method).

Measurement of revenue: Estimates of revenues, cost or extent of progress towards completion are revised if circumstances change. Any resulting increases or decreases in estimated revenues or costs are reflected in profit or loss in the period in which the circumstances that give rise to the revision become known to the management."

Dividend and Interest Income

- a) Dividend income from investments is recognised when the shareholder's right to receive payment has been established (provided that it is probable that the economic benefits will flow to the company and the amount of income can be measured reliably).
- b) Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

(g) Taxation:

Income tax expense represents the sum of the tax currently payable and deferred tax.

Current tax

Current tax is the amount of tax payable on the taxable income for the year as determined in accordance with the applicable tax rates and the provisions of the Income Tax Act, 1961 and other applicable tax laws.

Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilized. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit. The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered. Deferred taxes are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset is realized, based on the tax rates and the tax laws enacted or substantively enacted as at the reporting date.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities. Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

(h) Impairment of assets

Intangible assets that have an indefinite useful life are not subject to amortisation and are tested annually for impairment, or more frequently if events or changes in circumstances indicate that they might be impaired. Other assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or groups of assets (cash-generating units). Non-financial assets other than goodwill that suffered an impairment are reviewed for possible reversal of the impairment at the end of each reporting period.

(i) Cash and cash equivalents

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value, and bank overdrafts (if any)

(j) Investments and other financial assets

(i) Classification

The Company classifies its financial assets in the following measurement categories:

- (a) those to be measured subsequently at fair value (either through other comprehensive income, or through profit or loss),
- (b) those measured at amortised cost and
- (c) those measured at cost

The classification depends on the entity's business model for managing the financial assets, the contractual terms of the cash flows. For assets measured at fair value, gains and losses will either be recorded in profit or loss or other comprehensive income. For investments in debt instruments, this will depend on the business model in which the investment is held. For investments in equity instruments, this will depend on whether the Company has made an irrevocable election at the time of initial recognition to account for the equity investment at fair value through other comprehensive income. The Company reclassifies debt investments when and only when its business model for managing those assets changes."

(ii) Measurement

At initial recognition, the Company measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss."

Debt instruments

Subsequent measurement of debt instruments depends on the Company's business model for managing the asset and the cash flow characteristics of the asset. There are two measurement categories into which the Company classifies its debt instruments:

- (a) **Amortised cost:** Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. A gain or loss on a debt investment that is subsequently measured at amortised cost and is not part of a hedging relationship is recognised in profit or loss when the asset is derecognised or impaired. Interest income from these financial assets is included in other income using the effective interest rate method.

- (b) **Fair value through profit or loss:** Assets that do not meet the criteria for amortised cost or Fair value through other comprehensive income are measured at fair value through profit or loss. A gain or loss on a debt investment that is subsequently measured at fair value through profit or loss and is not part of a hedging relationship is recognised in profit or loss and presented net in the statement of profit and loss within other income/ other expenses in the period in which it arises. Interest income from these financial assets is included in other income."

Equity instruments

The Company subsequently measures all equity investments other than investments forming part of interest in associates and joint ventures at fair value. Where the Company's management has elected to present fair value gains and losses on equity investments in other comprehensive income, there is no subsequent reclassification of fair value gains and losses to profit or loss. Dividends from such investments are recognised in profit or loss as other income when the Company's right to receive payments is established. Changes in the fair value of financial assets at fair value through profit or loss are recognised in other income/ other expense in the statement of profit and loss. Impairment losses (and reversal of impairment losses) on equity investments measured at FVOCI are not reported separately from other changes in fair value."

Impairment of financial assets

The Company assesses on a forward looking basis the expected credit losses associated with its assets carried at cost and amortised cost. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

For trade receivables only, the Company applies the simplified approach permitted by Ind AS 109 Financial Instruments, which requires expected lifetime losses to be recognised from initial recognition of the receivables.

Derecognition of financial assets

A financial asset is derecognised only when

- (a) The Company has transferred the rights to receive cash flows from the financial asset or
- (b) Retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the entity has transferred an asset, the Company evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognised. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognised.

Where the entity has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognised if the Company has not retained control of the financial asset.

Offsetting financial instruments

Financial assets and liabilities are offset and the net amount is reported in the balance sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Company or the counterparty."

(k) Property Plant and Equipment

"All items of property, plant and equipment are stated at historical cost less depreciation. Historical cost includes expenditure that is directly attributable to the acquisition of the items. Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to profit or loss during the reporting period in which they are incurred.

(l) Depreciation and Amortisation methods, estimated useful lives and residual value

"Depreciation is calculated using the straight-line method to allocate their cost, net of their residual values, over their estimated useful lives which are generally in accordance with those specified in Schedule II to the Companies Act, 2013. The useful lives used for depreciation are as follows:

Assets	Useful Life
Computer	3 Years

(m) Provisions

Provisions are recognized when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognized as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows.

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, a receivable is recognised as an asset if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably.

(n) Employee Benefits**Short term obligations**

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet

(o) Contributed Equity

Equity shares are classified as equity

Incremental costs directly attributable to the issue of new shares or options are shown in equity as a deduction, net of tax, from the proceeds.

(p) Earnings per share

"Basic earnings per share

Basic earnings per share is calculated by dividing:

- (a) The profit attributable to owners of the Company
- (b) By the weighted average number of equity shares outstanding during the financial year, adjusted for bonus elements in equity shares issued during the year."

(q) Rounding of amounts

All amounts disclosed in the financial statements and notes have been rounded off to the nearest hundreds and decimals thereof as per the requirements of Schedule III, unless otherwise stated.

2. (1) Critical estimates and judgements

The preparation of financial statements requires the use of accounting estimates which, by definition, will seldom equal the actual results. Management also needs to exercise judgement in applying the Company's accounting policies. This note provides an overview of the areas that involved a higher degree of judgement or complexity, and of items which are more likely to be materially adjusted due to estimates and assumptions turning out to be different than those originally assessed. Detailed information about each of these estimates and judgements is included in relevant notes together with information about the basis of calculation for each affected line item in the financial statements.

"The areas involving critical estimates or judgements are Estimation of current tax expense and payable and Estimation of fair value of investment. Estimates and judgements are continually evaluated. They are based on historical experience and other factors, including expectations of future events that may have a financial impact on the company and that are believed to be reasonable under the circumstances.

2. (2) Recent Accounting Pronouncements

Ind AS 116 Leases:

On March 30, 2019, Ministry of Corporate Affairs has notified Ind AS 116, Leases. Ind AS 116 will replace the existing leases Standard, Ind AS 17 Leases, and related Interpretation. The Standard sets out the principles for the recognition, measurements, presentation, and disclosures of leases for both parties to a contract i.e. the lessee and the lessor, Ind AS 116 substantially carries forward the lessor accounting requirements in Ind AS 17.

The effective date for adoption of Ind AS 116 is annual periods beginning on or after April 1, 2019. The standard permits two possible methods of transition:

Full retrospective- Retrospectively to each prior period presented applying Ind AS 8, Accounting policies, Changes in Accounting Estimates and Errors

Modified retrospective- Retrospectively, with the cumulative effect of initially applying the Standard recognized at the date of initial application.

Under Modified retrospective approach, the lessee records the lease liability as the present value of the remaining lease payments, discounted at the incremental borrowing rate and the right of use asset either as:

- Its carrying amount as if the standard has been applied since the commencement date, but discounted at lessee's incremental borrowing rate at the date of initial application or
- An amount equal to the lease liability, adjusted by the amount of any prepaid or accrued lease payments related to that lease recognized under Ind AS 17 immediately before the date of initial application.

Certain practical expedients are available under both the methods.

On completion of evaluation of the effect of adoption of Ind AS 116, the Company is proposing to use the 'Modified Retrospective Approach' for transitioning to Ind AS 116, and take the cumulative adjustment to retained earnings, on the date of initial application (April 1, 2019). Accordingly, comparatives for the year ended March 31, 2019 will not be retrospectively adjusted. The Company has elected certain available practical expedients on transition. Effective date for application of this amendment is annual period beginning on or after April 1, 2019. The Company is currently evaluating the effect of this amendment on the financial statements.

Amendment to Ind AS 19 – plan amendment, curtailment or settlement- On March 30, 2019, Ministry of Corporate Affairs issued amendments to Ind AS 19, 'Employee Benefits', in connection with accounting for plan amendments, curtailments and settlements.

The amendments require an entity:

- to use updated assumptions to determine current service cost and net interest for the remainder of the period after a plan amendment, curtailment or settlement; and
- to recognise in profit or loss as part of past service cost, or a gain or loss on settlement, any reduction in a surplus, even if that surplus was not previously recognised because of the impact of the asset ceiling"

Effective date for application of this amendment is annual period beginning on or after April 1, 2019. The Company does not have any impact on account of this amendment.

Utilization proceeds from preferential issue:

Pursuant to the approval of the members of the Company received on June 26, 2017, the Company had undertaken allotment of 28,50,000/- Equity shares of Rs.10/- each and at a premium of Rs.6/- on Preferential basis on July 10, 2017 (the "Issue"). The net proceeds from the Issue amounted to Rs 4,56,00,000/- (Rupees Four Crore and Fifty Six Lakhs Only) (the 'Net Proceeds').

Further the Company at its Extra Ordinary General Meeting held on February 20, 2019 has obtained the requisite approval from the Shareholders of the Company for alteration in the "Objects for which Preferential Issue was undertaken and consequent utilization of the proceeds thereof". The original and altered objects of Preferential Issue are as under;

(Amount in Rs.)			
Sl. No.	Proceeds Utilization	Original	Altered
1	To meet issue expenses	6,00,000	3,70,000
2	To meet the Working Capital Requirement of the Company	20,00,000	11,92,194
3	To build a high growth and dividend/ Interest paying portfolio of Quoted Securities (Investment in listed shares and securities)	180,00,000	2,25,00,000
4	To acquire a business and /or invest in a subsidiary company having growth potential	250,00,000	1,75,37,806
5	Lease deposit	NIL	40,00,000
Total		45600000	4,56,00,000

Pursuant to the above, the Utilization of Proceeds from Preferential Allotment as on 31 " March, 2020 is as under:

Sl. No.	Proceeds Utilization	Amount in Rs
1	To meet Issue Expenses	3,70,000
2	To meet the Working Capital requirements of the Company	11,92,194
3	To Build a High Growth and Dividend/Interest Paying Portfolio of Quoted Securities (Investment in Listed Shares & Securities)	75,00,000
4	To acquire a business and/or invest in a subsidiary Company having growth potential of businesses	1,71,66,006

6	The Funds deployed in ICD temporarily.	1,50,00,000
7	Bank Account	3,71,800
Total		4,56,00,000

- In accordance with the Objects to the Preferential Issue, the Board has been granted the rights towards interim use of funds i.e., the Board of Directors will have the flexibility in deploying the Issue Proceeds. Pending utilization for the purpose described, if any, the management may for temporary period invest the funds in Inter Corporate Loans (ICDs) / Fixed Deposit at Schedule Commercial Banks. Such Interim Deployment would be in accordance with all applicable laws and investment policies approved by the Board of Directors from time to time.

The Management of the Company after considering the above, have financed an Inter Corporate Loan to a tune of Rs. 1,50,00,000/- from the unutilized portion of funds from the object "To Build a High Growth and Dividend/Interest Paying Portfolio of Quoted Securities (Investment in Listed Shares & Securities)" as the Securities market has been volatile.

- 2 The Company as on 24th March, 2020 has sold 100% of its investment held in Avancera Business Solutions Private Limited. The said disinvestment was undertaken after obtaining requisite approval from the shareholders of the Company. The company has made a Loss on Sale of Investment to a tune of Rs. 171.66 Lakhs.
